

Recreation Management (AAS and Certificate of Completion)

This program is available online.

The Recreation Management program prepares students for employment in a wide variety of recreation and leisure settings. Students in the program will simultaneously or concurrently take classes from multiple campuses within the North Dakota University System.

The program is organized around core courses that emphasize administration, program planning, and an understanding of the foundation of recreation. Students must complete all the core courses. In addition students need to select one of the following options; Park Management, Commercial Recreation/Tourism, or Outdoor Recreation.
